Choose between yellow and white character strips.

Totally 25 pcs of strips with different characters in the strip tray (numbers, letters, symbols, blank strips), 270 pcs of collars and 90 pcs of spark pins.

Art nr: 83290100	3M™ Trasp™ Micro Kit, WH
Art nr: 83290101	3M™ Trasp™ Micro Kit, YE

Character strips, collars, spark pins and marking tool - All available in a handy little box!

FLEXIMARK® Marking systems

FLEXIMARK® covers a wide range of marking systems for wires, cables and components. The range of products includes marking systems for each application, industry and market.

Fleximark AB - part of Lapp Group

Fleximark head office, manufacturing, warehouse and logistic center are located in Sweden, Europe. Fleximark is a production plant within the Lapp Group, a global and world-leading supplier of integrated wire, cabeling and connector products and solutions. FLEXIMARK® Marking systems are supplied worldwide. In Europe Lapp Group is represented in almost every country. To contact your local Lapp Group representative please vistit www.lappgroup.com/worldwide.

Brand quality

Today, the Lapp brands are some of the best-known in the cable technology field and have earned an outstanding reputation as a premium brand. All over the world, they stand for the values which we and our customers consider paramount: quality, precision and reliability.

Certificates and quality seals

Many of our products are certified just like our companies. Certificates are always awarded by independent bodies. They are both a seal of quality and a certificate of non-objection, representing technical "passports" for international use. Fleximark AB is certified according to ISO 9001:2008, ISO 14001:2004 and Achilles, and is a member of REPA. Our assortment also complies with the EU Directive requirements of RoHS and REACH.

Proximity and competence

Fleximark offers an extensive product range under the brand FLEXIMARK®. Our retailers and sales people are the strongest link to you as customer. They meet you in your daily business, see your needs and opportunities and help you to find the right product for the application. Our focus is on optimal solutions, cost-effectiveness and sustainability.
