

Rep	Component description	Dia. mm	Features
1	<p>Conductor Tinned fine copper wire acc.to IEC60228 Cl.5</p>		<p>Standard IEC60228 for conductor</p>
2	<p>Insulation HEPR compound</p> <p>Stranding(1st) Center : blind core Synthetic tape wrapping</p>		<p>Electric Characteristic conductor resistance <8.21 Ohm/km working voltage is 300/500V Testing voltage is 2000V/5min</p>
3	<p>Filler Aramidic yarns covered by elastomeric compound</p> <p>Stranding(2nd) Short lay length Binder tape wrapping</p>		<p>General Characteristic Maximum permissible tensile strength 4000N Outer diameter 46.4 ~ 50.4mm</p>
4	<p>Outer sheath Special CSP compound UV resistant, lubricant resistant, moisture resistant</p>
