

19 Pin robust entertainment lighting connectors

Product Description

Design

Phase 3 P3-19 series connectors have been developed to offer the highest levels of reliability and safety. The robust construction ensures continual and reliable operation. The rugged design has been tailored specifically for professional touring applications, and this has ensured that the P3-19 series is more than up to the challenge of life on the road.

Product features

- Socapex SL 419 compatible
- High impact all machined shells
- Wear resistant anodised finish
- Easy grip, heavy duty coupling rings
- Thick wall section backshells
- Integral insulation sleeves
- M40 metric cable glands
- Inserts marked with lighting circuit wiring
- IP67 when mated
- First Mate Last Break Earth Contacts
- Multipoint gold plated contacts
- ROHS compliant

Technical Data

Voltage Rating: 700V DC
500V AC

Current Rating: 41A Max
25A Rated

Temperature Rating: -55°C to +125°C

Contact Plating: Gold
