LAPP's Position on Russia & Ukraine War

Dear Business Partner,

Thank you for your inquiry about LAPP's position regarding Putin's invasion of Ukraine.

We condemn the war of aggression of the Russian troops in violation of international law, and especially regret the numerous civilian victims and the unbelievable suffering of the Ukrainian population.

The Board of Directors of the LAPP Group has therefore decided to stop all deliveries to Russia and Belarus until further notice.

Our thoughts are with the victims of this war.

Yours sincerely
