

EPIC® Pin & Sleeve Connectors

North American & International Standards: Ground Pin Location & Voltage

NORTH AMERICAN

3 Wires: 2+PE & 1+N+PE

Ground Pin location is specified for the female connector referenced to the hour positions on the face of a clock.

4 Wires: 2+N+PE & 3+PE

5 Wires: 3+N+PE

Key way is always at the 6 o'clock position

INTERNATIONAL

3 Wires: 2+PE

Color Slices represent Voltages

4 Wires: 3+PE

5 Wires: 3+N+PE

Voltage is represented by color of the connector.
